

Printing at the Chemistry Library

Our printer is called Chem_FindMe

There are two ways to print: Web Print and Print Deploy.

Before using either method, make sure that:

- 1) you are connected to the University network (Eduroam or ChemNet)
- 2) you have print credit – see our companion poster for more details

Web Print

Print from any device with internet access

No software to download/install

Only prints in A4, black and white.

Find out more

Print Deploy

Print from your desktop or laptop

Download and install Print Deploy software (different versions for Windows and Mac, make sure your operating system is compatible)

A range of print options, including colour

Find out more

Windows

MacOS

If you have any questions about using Chem_FindMe, please contact the library staff by coming to the office or emailing **library@ch.cam.ac.uk**
